SG1A Entity [REDACTED] is currently located at Coco Solo, PN. [REDACTED] is not moving (may
SG1A be a fixed site.) Two to three entities are currently associated with [REDACTED]. One is a
SG1A small, white vessel with Swedish markings. It is currently located at 15 N 82 W. [REDACTED] is helping the vessel to move contraband. [REDACTED] is instructing the vessel to sail in a
SG1A NW direction up the coastal waters. However, it has not yet given the vessel a specific
SG1A destination for unloading/transferring the contraband. Name or callsign associated with
SG1A this vessel is "NINJA/NINJO/NONJA/NONNA." [REDACTED] is using low frequency. "DF is
low." (NFI).

SG1A OOF: 03 1510L JUN 90

The entity known as [REDACTED] may have, as a first name(s), one or more of the
following singularly or in combination: JUAN, MANUEL, RAMONE or RAMOND. Their
middle or last name is TIRESTE. The entity is a male of average, but well kept,
appearance. He has black hair and a high forehead. He is clean cut but it can not be
ascertained if he, himself, is meticulous or if he prefers that his surroundings are kept
meticulously. This individual is currently taking some sort of medicine for a malady from
which he now suffers. He has an air of affluence without really "showing it".

He is concerned about upcoming situations, keeps himself isolated from others,
is aloof and frightens others around him. He is currently thinking in terms of "covert". He
is also currently concerned with "videos" for some reason. I get the sense that this
individual likes or enjoys snakes and may have one or more as a pet.

He is standing by himself, isolated, watching some sort of public event; an event
reminiscent of a bull or cock fight. He is enjoying this event and the word "BOSCO" feels
very important or significant to him right now.

He is also thinking of a pending operation which involves a boat on a river or
stream. The location of the boat/river is reminiscent of low mountains or the foothill
section of a small mountain range.

The following C/S's and associated names were perceived:

C/S	Actual Name/Entity
VACA or VOSCO	JUAN or JUANITA
TUELO or TUELLO	ALBERTO
CAQUE	ESCUELA
*JIMI	ZACAQUE
ZECUDA	TIGRE

* This set of C/S-Name feels more important or significant, a higher status as it were,
than the other sets.
